Dear Mr. Rose:

I guess you will be surprised to hear from me then again I wonder if you will. After all it is time to get busy where the baseball is concerned.

I wonder if you will be this way any time soon. It is not really necessary that I see you, but I thought if you were coming this way for something else we might have a little chat. I know you will want to know if the league plans to use the Wilson ball next season. I have not heard any discussion about it so far but I know I was satisfied with it. We will have a joint meeting of the two leagues in Chicago as soon as the schedules are released. Our league met in Baltimore last week, and The American League in Chicago the week before.

I was quite undecided about continuing this year, but I have about decided to make another try of it. I do want to get started with as little outlay of capital as possible however. For this reason I am going to ask you to let me know if it would be possible to have a set of pants made to match my white uniforms. The pants are about gone, but the blouses would be alright. I have a pair of pants I could send you for a sample. They would not have to have the tape on them if it could not be matched easily but they would have to be the same shade of creamy white. This would also give your firm a chance to get our work again. I have always liked your uniforms the best, but Mr Manley complains that the pants are not cut full enough. We had new grays ones made last year, and we used Spaulding.

I will appreciate hearing from you as soon as possible. Hope you are enjoying good health.

Very Truly Yours
